The logo consists of a red, irregular speech bubble shape with a white outline. Inside the bubble, the word "art" is written in a white, lowercase, sans-serif font. Below "art", the word "bash" is written in a larger, white, lowercase, sans-serif font. The "a" in "bash" has a small white dot above it, and the "h" has a small white dot below it.

*Time to catch some rays and splash some paint! Summer Art Bash is **FINALLY** here!!*

Hand-build beautiful ceramics AND friendships in our pottery camps. Grab your camera, follow Stephen Savage, and capture the memories of summertime with Digital photography. Shape a story with Alan Samry in Creative Writing or you can learn to paint, draw, and master mixed media with Lauren Nalty, Bronco Sloan, and Loran Chavez! Whatever your medium, whatever your talents, you are sure to have tons of fun and make a beautiful mess at ESAC's Summer Art BASH!!!

## **NEW!** Full Day Sessions

Students that register for our full day camps will be able to experience the wonder of "Open Studio"! After lunch, students will separate into their age groups and explore the limitless possibilities found in the studios. Guided by their teachers, older students will be encouraged to explore different mediums and work on personal projects. Supplies will be provided but students are welcome to bring materials from home. For our younger group, open studio will be an extension of visual arts exploration grouped with games and outdoor activities.

The logo for 'art bash' is written in a white, lowercase, rounded font on a red, irregularly shaped background that resembles a speech bubble or a splash.
